

Ishizaka Electric Industry Co., Ltd. Japan
Ishizaka Coil Co., Ltd. Japan

ISHIZAKA Group's Profile

Message from the Company President

Since its foundation in 1964, our company has proposed many types of manufacturing services such as coil winding, electrical component manufacturing, wire harness processing, pipe processing, air conditioning unit assembly in the field of automobile, motor cycle, construction machinery, industrial machinery, housing environmental equipment.

Currently, our company is working on opening a metal cutting section.

The accumulated knowledge in manufacturing and skilled human resources have cultivated for 50 years are our core competencies.

We will continue using our management resources effectively and keep trying to establish the production process that can surpass the expectation of our clients. We also continue our actions to become environment-friendly and to establish the sustainable society by working at standard of ISO14001.

We are happy and proud of delivering products to our clients and keep them satisfied.

We will keep devoting ourselves to advance our business, and we appreciate any suggestions and assistance you would like to offer.

I wish your continued success in the business and the prosperity for all of you and every one in your family.

石坂剛司

Takeshi Ishizaka

Company Profile

■Name	Ishizaka Electric Industry (Ishizaka Denki) Co., Ltd. Japan
■Location	1777 Hashie-machi, Isesaki-shi, Gunma 372-0001 Japan
■Telephone	+81-270-24-2983
■Fax	+81-270-24-2364
■President	Takeshi Ishizaka
■Established	June 1964
■Capital	¥ 15 million
■Number of employees	180
■Product lines	<p>Various types of coil winding</p> <p>Assembling auto electronics</p> <p>Resin molding</p> <p>Processing pipes made of iron/copper/aluminum</p> <p>Various types of welding process</p> <p>Special trial-manufacturing</p> <p>Assembling cooling device for construction machine</p>
■Major Bankers	<p>Gunma Bank Isesaki Nishi branch,</p> <p>Ashikaga Bank Isesaki branch, Towa Bank Isesaki branch</p>
■Main Clients & Sales Ratio	<p>Sanden Corporation 76%, Hitachi Automotive Systems, Ltd. 9%, Sanwa Tech Co., Ltd. 9%, Mitsuba Corporation 2%, Osaki Electric Clutch and Brake Co., Ltd. 2% (Osaki Dengyosha) , Nikko Electric Industry Co., Ltd. 1%, Sinfonia Technology Co., Ltd. , Prospine Co., Ltd. , Aiko Co., Ltd. , Okaya & Co., Ltd.</p> <p>※ no particular order</p>
■Name	Ishizaka Coil Co., Ltd. Japan
■Location	214 naganuma-machi, Isesaki-shi, Gunma 372-0855 Japan
■Telephone	+81-270-32-6311
■Fax	+81-270-32-6313
■President	Takeshi Ishizaka
■Established	August 1978
■Capital	¥ 10 million
■Number of employees	60

Company History

■June 1964	Kazuo Ishizaka (company president) has started the business of coil winding at 1777 Hashie-machi, Isesaki-shi.
■June 1967	Ishizaka Electronics Mfg. Inc. (capitalized at 10 million yen) has established. Ishizaka Electronics Mfg. Inc. has established the mass production system of coil winding for the dynamo light of SANDEN CO., LTD.
■March 1970	Ishizaka Electronics Mfg. Inc. has started manufacturing auto electronics and coils for Mitsuba Electric Mfg. Co., Ltd. (current MITSUBA Corporation).
■December 1973	Ishizaka Electronics Mfg. Inc. has secured the plant site and established new factory at 1822-1 Hashie-machi, Isesaki-shi
■March 1975	Ishizaka Electronics Mfg. Inc. has started manufacturing clutch coil for the automotive air conditioner of SANDEN CO., LTD.
■October 1976	Since its business performance has been satisfactory, Ishizaka Electronics Mfg. Inc. has raised its capital to 15 million yen.
■August 1978	Ishizaka Coil Co., Ltd. (capitalized at 10 million yen) has established at 214 Naganuma-machi, Isesaki-shi (Yattajima Industrial Park).
■October 1978	ISHIZAKA Group has started production of processed copper pipe and aluminum pipe for the automotive air conditioner of SANDEN CO., LTD.
■December 1982	ISHIZAKA Group has started production of electromagnetic clutch coil and epoxy resin casting for OSAKI ELECTRIC CLUTCH AND BRAKE Co., Ltd.
■May 1983	ISHIZAKA Group has started production of fuel feed equipment (I/T-F/P) for JECS Corporation (current Hitachi Automotive Systems, Ltd).
■February 1985	Following the corporate reorganization, the name of the company has changed from Ishizaka Electronics Mfg. Inc. to Ishizaka Electric Industry Co., Ltd.
■August 1985	ISHIZAKA Group has expanded its factory (Approx. 990m ²).
■August 1996	ISHIZAKA Group has started production of sector gear ASSY for the cruise control unit of MITSUBA Corporation.
■November 2000	ISHIZAKA Group has started production of HVAC (heating, ventilation, and air conditioning) for the construction machine of SANDEN CO., LTD.
■January 2001	Ishizaka Electric Industry Co., Ltd has earned ISO9002:1994 (current ISO9001:2008) certification.
■December 2001	Ishizaka Coil Co., Ltd. has earned S-TPM Prize from SANDEN CO., LTD.
■November 2004	The second factory of Ishizaka Electric Industry Co., Ltd (in Kasukawa-cho, Isesaki-shi) has started its operation with transferred component manufacturing line.
■August 2007	Both Ishizaka Electric Industry Co., Ltd. and Ishizaka Coil Co., Ltd. have earned Eco Action 21 certification.
■October 2008	ISHIZAKA Group has started production of copper pipe for the heat pump water heater of SANDEN CO., LTD.
■February 2011	ISHIZAKA Group has started the metal cutting business.
■January 2013	ISHIZAKA Group has started the production and sale of jigs and tools.
■January 2015	ISHIZAKA Group has started the production and sale of the labor saving machinery.
■April 2015	ISHIZAKA Group has earned ISO14001:2004 certification.
■May 2017	The maebashi factory of Ishizaka Electric Industry Co., Ltd (in Ninomiya-machi, Maebashi-shi) has started its operation.
■October 2019	Takeshi Ishizaka assumed Company New President

Business Locations

Ishizaka Electric Industry Co., Ltd.

Head office

1777 Hashie-machi, Isesaki-shi, Gunma 372-0001

Japan

Telephone: +81-270-24-2983

Fax: +81-270-24-2364

Business

Various types of coil winding,

Assembling auto electronics, Resin molding, etc.

Design and production of facilities and jigs, etc.

Ishizaka Electric Industry Co., Ltd.

Second factory

1810-1 Kasukawa-cho, Isesaki-shi, Gunma 372-0023

Japan

Telephone: +81-270-40-5102

Fax: +81-270-40-5065

Business

Processing pipes made of iron/copper/aluminum,

Various types of welding process, etc.

Ishizaka Electric Industry Co., Ltd.

Maebashi Factory

575-1 Ninomiya-machi, Maebashi-shi, Gunma

379-2117 Japan

Telephone: +81-27-212-2741

Fax: +81-27-212-2742

Business

Assembling clutch

for car air conditioner compressor, etc.

Ishizaka Coil Co., Ltd.

214 naganuma-machi, Isesaki-shi, Gunma

372-0855 Japan

Telephone: +81-270-32-6311

Fax: +81-270-32-6313

Business

Assembling cooling device for construction machine,

Metal cutting business, etc.

Products

Main products

Clutch coil

Our company has recognized its manufacturing technology of electromagnetic coils and chosen as "Only Company with Singular Technology" of Gunma in 2002.

Brake coil

Relay coil

Clutch harness

Fuel pump unit for vehicle

Heat exchanger for heat pump water heater

Pipe for car air-conditioner

Pipe for car air-conditioner

Cooling device for construction machine

Aluminum cutting parts

Equipment Units

Major Equipment List

Classification	Name	Quantity
Winding wire	Automatic winding machine	8
	Manual winding machine	10
	Automatic tape winding device	2
Harness processing	Harness automatic cutting machine	3
	Automatic caulking machine (both ends)	2
	Terminal crimping machine	20
Drying apparatus	Drying apparatus	2
Other	Epoxy resin filling device (2-part resin dispenser)	1
	Airtight inspection machine	1
Pipe processing machine	Spin cutter	3
	Automatic chamfering machine	4
	Terminal processing machine	15
	Pipe bender	8
	Airtight inspection machine	2
	TIG welder	1
	Hydraulic press	2
Machine Tools	General-purpose lathe	4
	Numerical Control lathe	2
	General purpose milling machine	3
	Machining Center	3
	Combined machining machine	1
	Surface grinder	2
	Electric discharge machine	1
Measuring machine	Projector	1
	Contour shape measuring instrument	1
	Surface roughness meter	1
	CCD microscope	1
	3-dimensional measuring machine (pipe size)	1
CAD	3D (Solid Works) / 2D	5

Company policie

The Spirit of Establishment

仕事に 誇りと 喜びを

Pride and joy towards work

Company Motto

wa-chu-kyou-dou

和衷協同

Harmonious Cooperation

This expresses the idea of working together with harmony and sincerity. With each individual bringing together their heart and soul and providing wisdom we aim for collective strengthening of the company. The spirit we believe is the same as our relationship with the clients and the society, in that by understanding each other and with united effort we believe we are able to provide real “manufacturing” and we will continue to succeed as our corporate culture. We will appropriately carry it out by partnership and, needless to say, by improving techniques and abilities so the society and our clients can rely and safely entrust us. We will carry out with such a straightforward and honesty and establish our “brand”.

Company vision

We sincerely respond to the needs from our customers and society.

With the combination of elaboration and cooperation, ISHIZAKA Group aims to become a reliable manufacturing enterprise.

By enhancing its capacity and technology, and by developing the place and working environment to demonstrate that ability, ISHIZAKA Group will become the great company to work for.

We always work hard to improve our working efficiency to achieve sustainable development with our customers.

Takeshi Ishizaka
